### **ICT Acceptable Use Policy**

The school has provided computers for use by students, offering access to a vast amount of information for use in studies, acting like an enormous extension to the school library and offering great potential to support learning.

The computers and IT equipment are provided and maintained for the benefit of all students, and you are encouraged to use and enjoy these resources, and help to ensure they remain available to all. You are responsible for good behaviour with the resources and on the Internet just as you are in a classroom or a school corridor. Remember that access is a privilege, not a right and inappropriate use will result in that privilege being withdrawn.
