Pathways into Policing

This August, Kent Police are hosting an exclusive event for school leavers who are searching for their dream career.

Whether you are interested in a public-facing role as a Police Officer or playing your part behind the scenes to help keep our communities safe, this is a chance to explore a range of exciting career options available to you.

The event is being held on Tuesday 4 August 2026 from 9am – 1pm in Maidstone, Kent.

To attend this event please secure your place [here](#)

Young Professionals Summer Conference

This is taking place on Saturday 18 July at Friends House Euston, London and costs £26 to attend.

At the conference there will be workshops in CVs, LinkedIn, interviews and apprenticeships. Talks from senior leaders in careers such as banking, tech, law and business. You will be able to have face-to-face conversations with recruiters looking for young talent.

The companies attending are, KPMG, Google, Goldman Sachs, UBS, EY, HSBC, Visa, Unilever, Accenture, Lloyds Banking Group, Arm, Bird & Bird, A & O Shearman, Farrier & Co, Charles Russell Speechlys, BDO, Grant Thornton, FDM, University of Law and many more.

University of Surrey – Non-Residential Summer School

The 2026 Non-Residential Summer Schools are two-day subject tasters, taking place from Monday 20 to Wednesday 22 July. These are free events available for students interested in Chemistry, Computer Science and Health Sciences; some students may be eligible for a travel bursary. Further information can be found [here](#) and to apply see [here](#)

Mentorverse - Allied Healthcare Professions

One of the biggest challenges students face is understanding what healthcare professions actually involve beyond university course descriptions. Admissions tutors are increasingly looking for applicants who can demonstrate genuine insight into healthcare careers, multidisciplinary working, and patient-centred care.

The next NHS Allied Healthcare Virtual Work Experience session takes place on Sunday 5 July and focuses on Pain Management and Mental Health, providing students with a valuable opportunity to explore how healthcare professionals support patients living with complex physical and psychological conditions.

Throughout the day, students will work through realistic NHS patient cases and gain first-hand insight into how allied healthcare professionals collaborate to assess, treat, rehabilitate, and support patients across different stages of care.

Students will explore careers including:

- Nursing
- Midwifery
- Paramedicine
- Physiotherapy
- Occupational Therapy
- Dietetics
- Radiography
- Prosthetics and Orthotics
- Speech and Language Therapy
- Pharmacy

Registration link [here](#). The sessions cost £10.

Future Pilots

With the introduction of fully funded pilot training pathways such as the British Airways Speedbird Academy and Jet2FlightPath, aviation has become more accessible than ever before. However, these schemes attract many thousands of applicants each year for a limited number of places, making early preparation increasingly valuable.

[The Aviation Guy](#) gives students tuition via an online programme starting in September on a Tuesday evening 6-8pm. This course comes at a cost of £980. For more details of the programme please visit the link above.

Careers using Maths

If you are planning to apply for a degree or an apprenticeship in Maths, Finance, Data Science, or Actuarial Careers, this article is exactly the kind of real-world issue that you can talk about in your personal statements or interviews that will make your applications stand out.

See [here](#) for the article from Success at School.

The Sixth Formers' Guide to Degree Apprenticeships

With key decisions about life after Sixth Form fast approaching, the summer term is a vital opportunity for students to start considering their future steps. The next few weeks are key, and while students embark on university open days and careers activities, [The Sixth Formers' Guide to Degree Apprenticeships](#) is a great place to start researching alternative routes to a graduate role.

The free, online 140-page guide covers everything students need to know about Degree Apprenticeships and highlights a range of exciting opportunities with leading UK employers across a variety of industries, including law, engineering, banking, construction, accounting and technology.

The Sunday Times Top 100 Apprenticeship Employers 2026

There is also a 90-minute TV programme, which has been specially produced for schools available now. The programme includes a full countdown of the 2026 rankings, apprenticeship showcases, discussions with the nation's top employers, and interviews with apprentices around the UK.
