

## Summer Bridging Work Geography 2019

---

### Paper one Physical Geography:

Complete a detailed, A3 poster, on the evidence for and the effects of Climate Change. To complete this use the NASA website. <https://climate.nasa.gov/> Take time to explore this website to develop your understanding of Climate Change and the ongoing research to better understand the changes it is bringing to our planet. Make use of diagrams and pictures to illustrate your poster, but make sure that you include them in any writing that you do.

### Paper Two Human Geography:

---

Create a detailed information A3 poster on the TNC Apple and find out about the location of its HQs and manufacturing locations around the world and any issues that this creates. Explain the points using a variety of Geography connectives eg this means that and consequently. Use as many key terms as you can eg globalisation and out sourcing. Use maps and images and refer to them in your text and name your sources of information (use citation if you can). Comment on the reliability of the sources too.
